Cedar Grove Offers \$2500 “Seeds for Scholars” Scholarship at Everett High School for Fourth Year

Scholarship program supports local students focused on the environment

EVERETT, Wash. – (March 14, 2016) – Cedar Grove®, a local, family-owned company that has been supporting this region’s recycling efforts since 1938, will award a \$2500 scholarship to a graduating senior at Everett High School in 2016 for the fourth year.

The “Seeds for Scholars” scholarship program, launched in 2013, recognizes a student at Everett High School student based on demonstrated interest, action and achievement in issues surrounding sustainability and the environment. This can include, but is not limited to, Green Team membership, completion of a community service project involving building a garden, or supporting school’s recycling and composting efforts.

“Cedar Grove has been deeply invested in the Everett community since our facility opened its doors there and this scholarship, launched in 2013, is an extension of that investment,” said Karen Dawson, director of community relations.

The scholarship is also offered at Liberty High School (Renton), Tahoma High School (Covington) and in the Marysville School District.

The company was recently recognized by *Seattle Business* magazine for its significant contributions to the community, winning the magazine’s Community Impact Award.

The scholarship includes:

- \$2500 payment made directly to the college of choice in 2015
- The opportunity to be interviewed for a summer internship at Cedar Grove in the summer of 2015 and every summer thereafter while the student is in college

The student must demonstrate that they will graduate with a 3.0 or higher grade point average. The student must have demonstrated leadership qualities throughout their high school career including such traits as being respectful of teachers, helping other students, good sportsmanship, and compassion.

About Cedar Grove Composting

Cedar Grove Composting is a local, family-owned business with deep roots in the Seattle area dating back to 1938. Cedar Grove plays a critical role in the Puget Sound's recycling infrastructure and sustainability efforts, diverting more than 350,000 tons of yard waste and food scraps from landfills annually. With two processing facilities in Maple Valley and Everett, Cedar Grove is a local manufacturer providing green jobs in King and Snohomish Counties. Cedar Grove produces wholesome, nutrient-rich compost that is sold to businesses, governments and residents, ensuring consumers have access to locally produced, recycled products. For more information, please visit www.cedar-grove.com.
